PROFILE

In my role as a **Web Developer**, my primary responsibilities revolved around creating, implementing, and maintaining features using **PHP**, **JinJava** and **JavaScript**, alongside open-source libraries such as **jQuery**. I also mastered coding campaign landing pages based on projects designed in **Figma**, **Adobe XD**, or **Adobe Photoshop**.

A noteworthy achievement includes my significant contribution to the successful implementation of a new e-commerce website. Throughout this long-term project, I took on a **mentoring role**, **guiding** and **supporting** inexperienced Web Developers.

I conducted **onboarding training** for the newest members of the team.

SKILLS

- Semantic HTML, CSS + SCSS.
- JavaScript (ES6+) + TypeScript.
- Vue.js + Pinia.
- Node.js + Express.js.
- Jest + Vitest.
- Python.
- Postman.
- Figma.
- Git.
- Mobile First Design + Responsive Web Design.
- Knowledge of accessibility (WCAG).
- Basic knowledge of web security.
- Analytical mindset.
- Problem solving attitude.
- Willingness to learn and use multiple technologies.
- English B2+.

EDUCATION

During my studies, I completed various projects in different technologies, including **React**, **Vue**, **Python**, and **R**.

MASTER'S DEGREE (PART-TIME STUDIES)

APPLIED INFORMATICS

CRACOW UNIVERSITY OF ECONOMICS

10.2022 - ONGOING

BACHELOR'S DEGREE

TECHNICAL PHYSICS

CRACOW UNIVERSITY OF TECHNOLOGY

10.2019 - 02.2022

EXPERIENCE

JUNIOR WEB DEVELOPER

MARKETING INVESTMENT GROUP

11.2022 - 10.2023

- Coding and implementing new features in **JS**, **PHP** or **JinJava**.
- **Refactoring** old codes.
- Preparing **A/B tests**.
- Coding Landing Page's based on projects in **Figma**, **Adobe XD** or **.psd format**.
- **Independently supervising and mentoring** the implementation of new stores.
- Conducting **onboarding training** for the newest members of the team.
- Creating web catalogs and image blog in **WordPress**.
- **Confronting the PO's ideas** with the realities and possibilities of the technology implemented in the stores.
- **Effective communication** with store supervisors.

ASSISTANT WEB DEVELOPER

MARKETING INVESTMENT GROUP

03.2022 - 11.2022

- Preparing promotions mailings in **HTML** and **JinJava**.
- **Coding Landing Page's** based on delivered project.
- **Effective communication** with store supervisors.
- Preparing **A/B tests**.

PROJECTS

LAZYCUP

Tech: Vue.js + Pinia, Vitest, Sass

With this project, I became more comfortable with **Vue**, managing state with **Pinia**, and delivering **props** through components. I also developed **automated unit tests** with **Vitest**.

GABIZAURY

Tech: Phaser.js, JavaScript, Tiled editor

Simple one-level platform game with enemies. Through this project, I gained an understanding of advanced concepts like **raycasting**.

RESTFUL API

Tech: Node.js + Express, TypeScript, MongoDB + Mongoose
This project allowed me to gain experience in creating a fully functional **RESTful API**, handling **MongoDB database** and using **TypeScript** in the **Node.js environment**. I also developed **automated tests** using **Postman** to ensure the reliability of the API.

RSA ENCRYPT

Tech: Python

The project enhanced my proficiency in **Python**, emphasizing **analytical thinking** and a focus on **solving problem**.
